

Office of Nursing Workforce Mississippi Board of Nursing 2024-2026 Strategic Plan

Mission Statement

The Office of Nursing Workforce exists to promote a culture of health for the citizens of Mississippi by advancing nursing education, practice, and workforce development.

Five Components of the Office of Nursing Workforce (§ 73-15-18):

- *To develop and facilitate implementation of a state educational program directed toward nursing educators regarding health care delivery systems changes and the impact changes will have on curriculum and on the service needs of nurses.*
- *To determine the continuing education needs of the nursing workforce and facilitate such continuing education coursework through the university/college schools of nursing in the state and the community/junior college nursing programs in the state.*
- *To promote and coordinate through the schools of nursing opportunities for nurses prepared at the associate's degree and bachelor's degree levels to obtain higher degrees.*
- *To apply for and administer grants from public and private sources for the development of the Nursing Workforce Programs.*
- *To establish systems to ensure an adequate supply of nurses are available to meet the health care needs of the citizens of Mississippi. This will include gathering and quantifying dependable data on current nursing workforce capacities and forecasting future requirements.*

Goals and Strategic Initiatives

1. Collaboration	<ul style="list-style-type: none"> • Work in partnership with nursing and healthcare organizations, public and private sectors, government agencies, and related service providers to provide resources regarding education, careers, skills, and leadership development to Mississippi nurses and nursing students.
2. Data	<ul style="list-style-type: none"> • Increase understanding of the nursing workforce by improving and expanding data collection, updating projections of the nursing supply and demand, and conducting regular analyses of relevant workforce issues. • Support opportunities to strengthen the Mississippi nursing workforce to align with the evolving needs of the American population, thereby ensuring the high-quality care for all individuals.
3. Education	<ul style="list-style-type: none"> • Support activities to increase awareness of career advancements for nursing in Mississippi by linking education and training efforts with the skills and competencies needed to provide the necessary high-quality health care for patients in Mississippi. • Encourage using telehealth in nursing programs to strengthen the nursing workforce through better training and remote learning, addressing healthcare needs effectively.
4. Outreach	<ul style="list-style-type: none"> • Enhance the image of the nursing workforce by increasing visibility and professional growth. • Enhance visibility through strategic marketing efforts.

<p>S</p> <p>STRENGTHS</p>	<ol style="list-style-type: none"> 1. Collaborative Task Forces: <ul style="list-style-type: none"> The establishment of the Office of Nursing Workforce Advisory Committee enhances collaboration and fosters a comprehensive approach to data collection and analysis. 2. Educational Partnerships: <ul style="list-style-type: none"> Strengthening ties with educational institutions provides a solid foundation for ongoing competence and supports a steady pipeline of qualified nursing professionals to the nursing workforce. 3. Clear Communication Framework: <ul style="list-style-type: none"> The planned collaborative framework promotes effective communication and data-sharing among healthcare organizations, fostering a stronger understanding of workforce trends. 4. Data Collection: <ul style="list-style-type: none"> Take advantage of the Board of Nursing's strength in gathering information from nurses during license renewal. Incorporate this data into the marketing plan for educational messages, making the content more relevant and effective.
<p>W</p> <p>WEAKNESSES</p>	<ol style="list-style-type: none"> 1. Resource Dependence: <ul style="list-style-type: none"> The successful implementation of the plan heavily relies on securing adequate resources, including funding, technology, and stakeholder commitment. 2. Delayed Data Availability: <ul style="list-style-type: none"> Inconsistency of data availability among different organizations, with some potentially experiencing a one-year lag.
<p>O</p> <p>OPPORTUNITIES</p>	<ol style="list-style-type: none"> 1. Advancement in Data Collection Technology: <ul style="list-style-type: none"> Leverage emerging technologies to enhance data collection methods, allowing for more real-time and comprehensive insights into the nursing workforce. 2. Growing Emphasis on Workforce Development: <ul style="list-style-type: none"> Align with societal trends emphasizing workforce development, tapping into a broader talent pool and enhancing the overall quality of care.
<p>T</p> <p>THREATS</p>	<ol style="list-style-type: none"> 1. Regulatory Changes: <ul style="list-style-type: none"> Unforeseen changes in regulatory requirements or government policies may impact the feasibility and execution of certain aspects of the strategic plan. 2. Competing Priorities: <ul style="list-style-type: none"> Healthcare organizations may face competing priorities and limited resources, potentially diverting attention away from strategic plan implementation.
