Exemption certificates will be furnished upon request. Contractors making improvements to, additions to or repair work on real property on behalf of MBON are liable for any applicable sales or use tax on purchase of tangible personal property for use in connection with the contracts. Contractors are likewise liable for any applicable use tax on tangible personal property furnished to them by MBON for use in connection with their contracts.
  
10. **Gifts, Rebates, Gratuities-** Acceptance of gifts from contractors is prohibited. No officer or employee of the Mississippi Board of Nursing, nor any head of any state department, institution or agency, nor any employee of any state department, institution or agency charged with responsibility of initiating requisitions, shall accept or receive, directly or indirectly, from any person, firm or corporation to whom any contract for the purchase of materials, supplies, or equipment for the State of Mississippi may be awarded, by rebate, gifts, or otherwise, any money or anything of value whatsoever, or any promise, obligation or contract for future rewards or compensation.
  
11. **Damaged Items-** Any damaged shipments shall be replaced solely at the Bidder's/Vendor's expense. This shall include pick-up of damaged products and delivery of replacement products. Replacement products shall be delivered within five (5) business days from receipt of notification of damage.

MBON Approval of Subcontractor Required-** Unless provided in the contract, the Vendor shall not contract with any other party for furnishing any of the contracted work or services without the consent, guidance, and written approval of the State. MBON reserves the right of refusal and the right to request replacement of a subcontractor due to unacceptable work or conduct. This provision should not be interpreted as requiring the approval of individual contracts of employment between the Bidder/Vendor and personnel assigned for services under the contract.

**15. Inclusion of Subcontract Agreements-** Copies of any agreements executed between the Vendor and any subcontractors must be included in the Vendor's proposal.

**16. Negotiations with Subcontractor-** In order to protect the State's interest, MBON reserves the right to attempt to resolve the contractual disagreements that may arise between the Vendor and its subcontractor after award of the contract.
