

Practical Nursing Accreditation Schedule

The Practical Nursing Standards and Procedures for Accreditation are available at the State Board for Community and Junior College website (<http://www.sbcjc.cc.ms.us/CareerTechEdu/>) and are mailed to the college one year prior to the practical nurse accreditation on site visit.

The college will use the Practical Nurse Self-Study Process Manual to complete the Self-Study/Self Evaluation of the Practical Nurse Program. The Self-Study/Self Evaluation is due to the State Board for Community and Junior College at least six (6) weeks prior to the on-site visit.

Normally, one Postsecondary Administrator and two Practical Nurse instructors are selected to conduct the on-site visit.
