

## Practical Nursing Accreditation Schedule

The Practical Nursing Standards and Procedures for Accreditation are available at the Mississippi Board of Nursing website (<https://www.msbn.ms.gov/>) and are mailed to the college one year prior to the practical nurse accreditation on site visit.

The college will use the Practical Nurse Self-Study Process Manual to complete the Self-Study/Self Evaluation of the Practical Nurse Program. The Self-Study/Self Evaluation is due to the Mississippi Board of Nursing at least six (6) weeks prior to the on-site visit.

Normally, one Postsecondary Administrator and two Practical Nurse instructors are selected to conduct the on-site visit.
